

BERWICK

LODGE

SINCE 1890

Where indulgence blossoms

DEEP IN THE HEART
of the South West, nestled within
the exquisite surroundings of the
British countryside with views
that reach across to Wales, is
Berwick Lodge – a hidden secret
just waiting to be discovered.

This magnificent manor house started life in the 1890s. Privately owned, it was admired for the flourishing rose gardens that grew within its walls. Today, Berwick Lodge remains more enchanting than ever. Restored to its former bloom, owners Sarah and Fevzi Arikan followed an inspiring vision to create something truly special, where admiration lives on and memories seek to flourish.

Elegant style has been combined with historic richness to form a luxury country manor hotel with 14 individually designed rooms and an award-winning fine dining restaurant. Blended together with good food, fine wine and high quality service amidst a warm, welcoming ambiance, you have a special experience waiting for you on your arrival to Berwick Lodge.

ABOUT BERWICK LODGE

RESTAURANT

Hattusa Restaurant has been designed to blend fine dining with a luxury sense of relaxation, bringing a real sense of delight to all who come to dine here at Berwick Lodge.

Enjoy fine food amidst stylish architecture, and a welcoming atmosphere that greets you the moment you enter through one of the stone pillar archways. Hattusa is a place where culinary inspiration comes to life to create a unique dining experience delivered through high quality service.

Roux Scholar, Paul O'Neill and his team of chefs love what they do and are true to their art. The à la carte menu, tasting menus, afternoon teas, lunch and a more informal bar menu all promote the Best of Modern British cuisine. At Berwick Lodge, there is an ongoing passion to support local producers where we can and the dishes on our seasonal menus are very much inspired by the produce available right here on our doorstep.

Our delicious food wouldn't be complete without the complement of a glass of fine wine. Our unpretentious collection of wines from across the globe is hand-picked by our passionate Sommelier who can match wines specifically to your palate and the dishes on your table.

ROOMS

Our stunning collection of bedrooms has been individually styled to reflect the historical richness and elegance of the Anatolian period and offers guests a personal experience during their stay at Berwick Lodge.
